“COVID 19 AWARENESS PROGRAM”

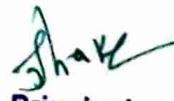

A online awareness program on “Covid 19 awareness program” was held by NSS Unit at 11:00 am on, 05/09/2020. The overall objective for conducting this webinar was to create awareness and educate the students, faculty, staff and local community regarding preventive intervention techniques that would help in reducing the transmission of the disease.

We decided to spread awareness by making poster and sharing it with affective caption via social media platforms. Poster includes points like how we can maintain distance from others and safe us to save our nation.

This competition was basically competitive way to spread awareness through creativity and also with the motto of finding self hidden talent. So we give digital platform to students, so that they can present various arts like painting, Quotes, Posters and other lots.

Following activities done:

1. Essay competition of the covid 19 pandemic
2. Speech Competition
3. E Quiz Competition (Awareness of Covid 19)

Program on “SANITIZER AND MASK DISTRIBUTION”

A program was conducted regarding ‘Sanitizer and Mask distribution’ on 11/11/2020 in GNIT, Nagpur. The overall objective of this program was to inhibit a sense of awareness amongst the faculty and students of GNIT regarding the use of these preventive measures during the Pandemic period.

The program was conducted by Prof. Geetanjali Kale, HOD, ASH department. She explained the benefits of frequent and religious use of sanitizer and wearing mask and how it can reduce the spread of corona virus in the community. Also, she heartily welcomed Hon’ble Principal, for his relentless support and cooperation in every endeavor at GNIT. Her warm welcome spanned to one and all present who graced the occasion. A speech was given by the Principal, GNIT regarding the importance of conducting such awareness and distribution programs amongst the locals.

Several students were also requested to volunteer the distribution of sanitizers and masks to the locals residing near the college premises and to create awareness. During the entire activity, complete precautionary measures were taken by the students as well as the faculty involved. Overall, the program was a success, as enough amount of sanitizer and masks were distributed among the targeted local residents and the students as well.

The programme clinched with proposing Votes of Thanks by Prof. Geetanjali Kale, HOD, ASH. She explicitly thanked one and all for their presence and support in drawing out the success of the programme.

Program on “Food Packets Distribution”

A programme was held on 12/11/2020 in GNIT, Nagpur as a part of social cause with a motive to distribute food packets in the Dahegaon village and slum areas in Kalmeshwar tehsil of Nagpur. The objective of this initiative was to take a small step forward in reducing the hunger crisis of India or at least a part of it.

The program was conducted by Prof. Neha Chourasia, HOD, Electronics and Telecommunication, GNIT, Nagpur. She initiated the program by highlighting certain key points of the position of India in terms of hunger index at global level. She also explained the importance of conducting such programmes and drives at social and institute level. It imbibes a sense of responsibility within the students as well as faculty to become socially responsible citizens of the country. Also heartily welcomed Hon'ble Principal, for his relentless support and cooperation in every endeavor at GNIT. Her warm welcome spanned to one and all present who graced the occasion.

As per the records, 24 students actively participated in the cause and volunteered the entire activity wonderfully. Also, they interacted with the locals whom they distributed the food, of how they felt about this initiative. Ample amount of food packets were provided to the locals and this brought a sense of satisfaction and humbleness within the students and the faculty.

Webinar on

“INEQUALITY FACED BY WOMEN IN INDIA”

An online webinar was held by Women Cell on ‘Inequality faced by women in India’ at 1:30 PM dated 10/12/2020. The entire motive of organizing this webinar was to bring attention of all the attendees to the discrimination faced by women all over India and the brutality that comes along with it. The guest speaker invited for the webinar was **Prof. Neha Chourasia, HOD, Electronics and Telecommunication, GNIT, Nagpur.** She started addressing the subject by defining Gender Inequality as a discrimination against women since women are traditionally considered by the society as weaker sex. The root cause of gender inequality in Indian society lies in its patriarchy system. She further stated a quote by the famous sociologists Sylvia Walby, who defines patriarchy as, “a system of social structure and practices in which men dominate, oppress and exploit women”. She then continued the webinar highlighting the following aspects related to Gender Inequality:

1. India’s poor ranking in various global gender indices are as follows:

- Economic participation and opportunity: 134th
- Educational achievements: 126th
- Health and Life expectancy: 141st
- Political empowerment: 15th

2. Female foeticide and Female Infanticide:

- 100000 illegal abortions are being performed every year in India

3. Sex ratio

- 108.18 males per 100 females as of year 2020.

Principal
**Guru Nanak Institute of
Technology**

4. Female literacy

- 53.7% for women as against 75.3% for men, showing a gap of about 21%.

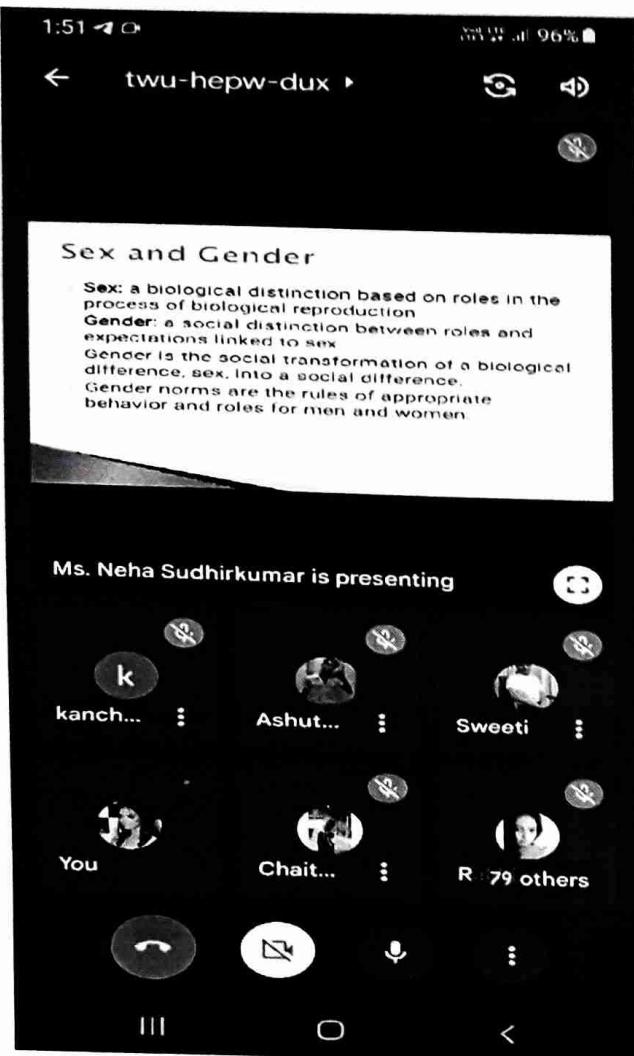

5. Legal and constitutional safeguards against gender inequality

- Equal right to vote for women.
- Various protective Legislations passed by the Parliament to eliminate exploitation of women and to give them equal status in society.

6. How to eliminate Gender Inequality

- Change in mentality of men to start treating women as equal to them and not as subordinate to them.
- Women supporting other women at all levels of the Indian societal system.
- Right to basic education and safety.
- Support women to become financially independent and self reliable.

While addressing the topic, she was constantly interacting with the students. Around 73 students attended the webinar and were active in giving their feedback and point of view in response to speaker's questions. She also supported the female student to look forward of building a bright future and inspired them to become strong minded individuals. At last, she also motivated male students to help in changing the old and conventional idea of oppressing women and help build a safer environment for the women and girls in India and the world.

Justice

An inequality is unjust when:

- a) the inequality is unfair,
- and
- b) something could in principle be done to eliminate the unfairness.

Social injustices persist because of power inequalities and the unwillingness of those with power to make changes

What is Natural?

Biology and society:

- Natural does not necessarily equal desirable or unchangeable
- Egalitarian gender relations = equal power and autonomy

But not necessarily identical social roles
For instance, equality might mean equal amounts of leisure time.

Is it possible to have a society with more than one type of
egalitarian gender relation simultaneously?

Regards,
Women Cell, GNIT.

Program on “Tree Plantation”

The NSS unit of the Institute had organized a tree plantation programme on 24th Feb, 2021. All the students and teachers participated in this program. The Volunteers first of all took all the saplings to the Campus. NSS Incharge guided us on how to plant a sapling properly. The aim of the program is to plant a saplings on the Institute campus and nearby local areas. One by one students and teachers started planting saplings. Firstly, we started planting saplings in our institute campus and after that, we planted saplings in the nearby local areas.

Dr. S. N. Shelke, Principal of our Institute addressed the volunteers about the role of trees in human life. He also mentioned that we should take utmost care of environment.

“AWARENESS PROGRAM FOR PLASTIC USAGE”

An Awareness program on usage of Single use plastic was held by NSS Unit, GNIT at 2:00 PM on 26/02/2021. The objective of conducting this program was to aware the students and faculty about the potential threats caused by usage of plastic and its littering leading to its improper collection and dumping.

Use of plastic has overshadowed the use of natural materials used in manufacturing such as paper, glass and cotton. Plastic usage has a potential threat to not just the environment but it also affects human health and animal health in numerous ways. Plastic is mostly made from oil and natural gas. These are both non-renewable, so most plastic is non-renewable. A tiny bit of plastic is being made from vegetable organic material, so that bit is biodegradable, and renewable. Another such threat to our ecosystem is from the improper handling and treating dumped plastic wastes. Plastics can take anywhere between 20 to 500 years to decompose completely depending on its material and structure. This makes plastic a potential threat to our environment and attempts should be made to create awareness on how to not use single use plastic products specifically.

Today's program is one such event to create awareness of the environmental hazard caused by the use of plastic amongst the students and faculty of GNIT, Nagpur. Prof. Geetanjali Kale addressed the program and shared the motive of conducting it at an institute level. Also, she heartily welcomed Hon'ble Principal, for his relentless support and cooperation in every endeavor at GNIT.

Principal
Guru Nanak Institute of
Technology

The first Speaker-Dr. Sudhir N. Shelke, Director GNES & Principal GNIT, Nagpur

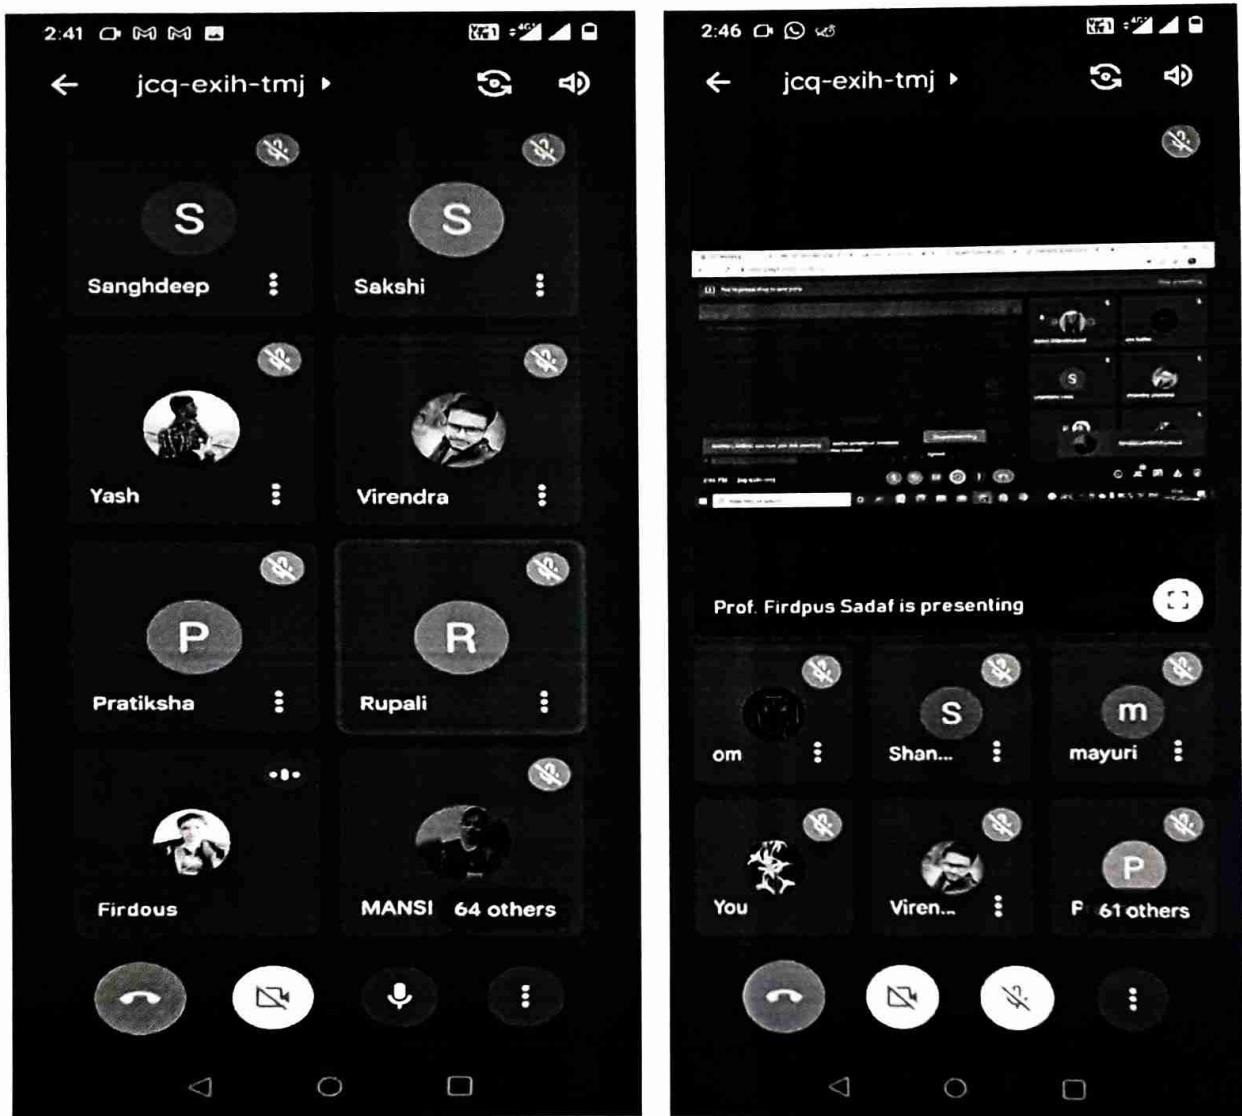

Dr. S. N. Shelke emphasized on minimizing the use of single use plastic products and stop practices such as littering the plastic products at colleges, public places more importantly. He suggested using environment- friendly alternatives such as using reusable bottles and cups, Avoid using plastic straws, take your own bags for grocery shopping, Use non-plastic reusable containers for food storage, Shop at second-hand stores. He once again emphasized on how these practices in day to day life will help our country achieve this goal of no use of plastic.

The Second Speaker-Prof. Firdous Sadaf, Asst. Prof., HOD CSE, GNIT, Nagpur

Prof. Firdous Sadaf initiated her talk by inspiring students to participate in youth campaigns associated with the aforementioned cause. Students can make groups and carry out city cleaning/ society cleaning/ ward cleaning programs at the initial level. Also students can participate in rallies and campaigns to raise awareness about the threats caused by plastic use amongst the people of our society. Awareness could be spread using different form of arts such as posters, poems, in the form of music, etc.

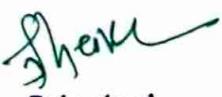

The program concluded with the vote of thanks proposed by Prof. Geetanjali Kale. She explicably thanked one and all for their presence and support in drawing out the success of the program.

Program on “International Womens Day”

A Program on “**International Women’s Day**” was held by Women Cell at 11:00 am on, **08/03/2021**. The overall objective for conducting this program was to Women Empowerment in Academic World.

International Women's Day 2021 is being celebrated across the globe on March 8th like every year. The day is very special & exclusive day for women to acknowledge their existence and celebrate womanhood. A day when a women's step towards breaking the glass ceiling to prove herself at par with the other sex is recognised. Even though women struggle on a daily basis, a special day is earmarked which is celebrated as International Women's Day to honour all that women have achieved.

Today's event is one such humble initiative by ICC to celebrate women. She cordially welcomed the distinguished guests. Also heartily welcomed Hon'ble Principal, for his relentless support and cooperation in every endeavor at GNIT. Her warm welcome spanned to one and all present who graced the occasion. Prof. Geetanjali Kale reminded that every day is a women's day and we do not wish to confine and acknowledge their contributions only on a particular day and a month yet we dedicate this particular day as a mark of appreciation for their hard work and sincerity in making life meaningful for all.

The first Speaker-Dr. Sudhir N. Shelke, Director GNES & Principal GNIT, Nagpur

Dr. S. N. Shelke emphasized some theoretical reasons behind under representation in academic leadership for women, through various researches going in this area. She established that in the Indian context, the “Gender Role-Theory” plays an important role. Therefore, academic leadership training is needed for women academician to reach the ladder of administration. The principal areas which need sharp focus are: development of personal leadership & management skill., modernizing the student experience, internalization of curriculum and pedagogy., financial management and planning, and Crisis Management.

Principal
Guru Nanak Institute of
Technology

The Second Speaker-Prof. Geetanjali Kale, Asst. Prof., HOD ASH, GNIT, Nagpur

Prof. G. Kale initiated her talk with an interesting and interacting stance, with all faculties into the field of Gender Equality Framework.

She concluded her session by handing over the baton to all the young minds who are the futures of our country- to bring the sea change in Building agency- Changing Relations and Transforming Structures - to make gender equality a reality!

The programme clinched with proposing Votes of Thanks by Prof. Ekra Sheikh, Assistant Professor of ASH. He explicitly thanked one and all for their presence and support in drawing out the success of the Webinar.

Program on “BLOOD DONATION”

A Program on “Blood donation Camp “was held by NSS on 15/03/2021 at 11:00 am onwards. The overall objective for conducting this program was to help the poor & needy patients who often die for the lack of timely arrangement of blood.

The program was inaugurated at about 11.00am by our respected Principal, Dr. S. N. Shelke by cutting the ribbon. Many respected guests were there to enlighten us. They also delivered short speeches on the importance of the blood donation which is noble work.

About 38 units of blood were collected on that day. It was really a successful collaborative effort of our Institute and nearby blood bank. A team of health practitioners and our volunteer's students worked hard to bring success to this noble work. The programme ended at about 4.00pm through the distribution of the certificates of appreciation and donation among the donors

STRESS MANAGEMENT

Ms. Neha Sudhirkumar is presenting

Mrs. N... Rakhi Rani

You Pratik S. 78 others

⋮ ⋮ ⋮ ⋮

What Makes Something Stressful?

- Situations that have strong demands
- Situations that are imminent
- Life transitions
- Timing (e.g., deviation from the "norm")
- Ambiguity
- Desirability
- Controllability

Not All Stress is Bad...

Stress is a continuous experience of feeling threatened, powerless, and behind in our responsibilities like the all encompassing sense of being imposed upon by difficulties with no light at the end of the tunnel.

Example of stress include financial difficulties, conflict in relationships, creative阻塞, managing a chronic illness, or experiencing a trauma.

Program on Environment Day

The world environment day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. People come together to pledge towards building a greener planet.

Keeping this aim in view, **Department of Applied Sciences and Humanities & NSS Unit, GNIT** celebrated World Environment Day on **5th of June 2021**. Students of various branches from department participated and celebrated world environmental day enthusiastically. They were asked to plant a sapling to create a green corner. A lot of enthusiasm was seen in the students. The event was conducted successfully with whole hearted participation and awareness about plants. The Program was conducted on online mode and the students and also the faculties participated in this program.

7TH International Yoga Day 2021

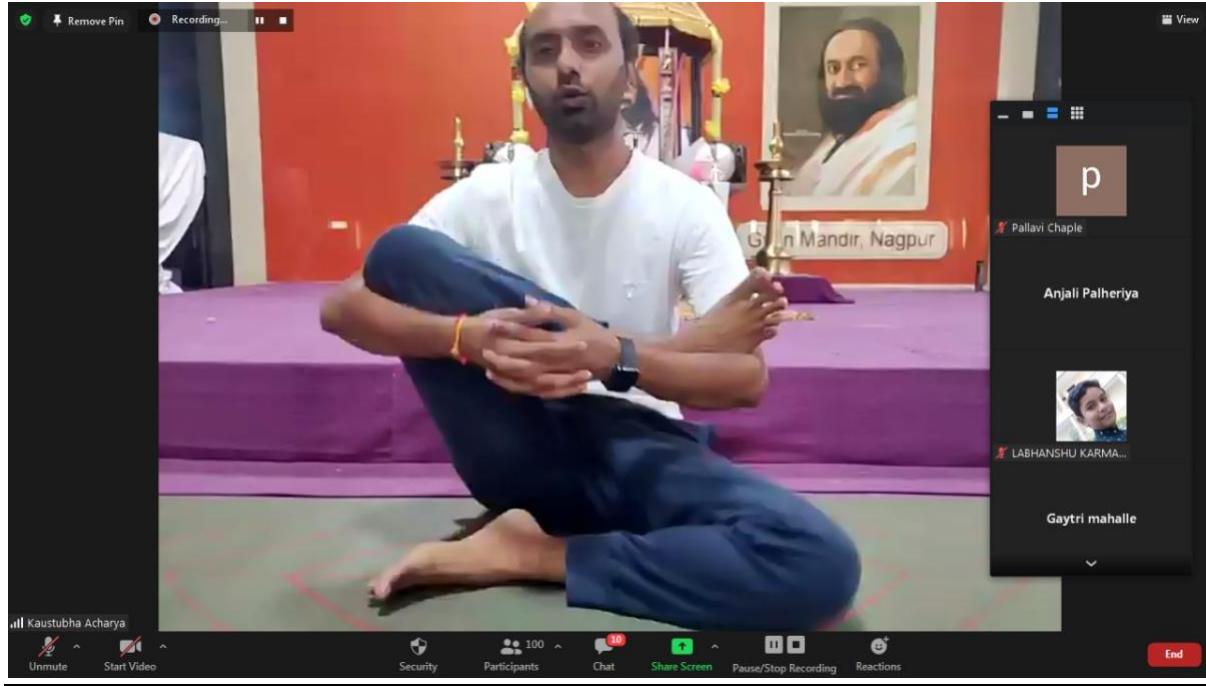

Report On 7th International Yoga Day Virtual Celebrations in GNIT, Nagpur

This year in GNIT organization, Yoga day celebration is held virtually on zoom meeting at 9am on 21st & 22nd June 2021 due to the widespread pandemic, large gatherings were not possible and also not allowed.

This online program was conducted by IQAC cell and physical Edn. Department and the session was attended by Principal Dr. Sudhir Shelake, faculties from CE, ME, & Department of first year and students. The chief guest was Mr. Kaustubh Acharya, the instructor at Youth Art of Living Teacher & Administrator of The Art of Living Ashram. The inaugural speech was given by Prof. Pallavi Chapale, she emphasized the importance of Yoga and physical exercises in daily life. Later on Mr. Kaustubh Acharya told the information of about ‘Yoga day’ and Importance of Yoga in our day-to-day life. The exercises are good and useful to the students. All the students were excited and energetic. They perform various asanas & warm up exercises and the importance of these was also explained simultaneously. Regular practice of yoga will surely help our students achieve a better life, physically, mentally and spiritually as well.

Along with students faculties of GNIT, Nagpur also performed Yogasana and maintained peaceful atmosphere virtually. The celebration concluded with the thanks giving speech by Prof. Anjali Palheriya she encouraged students to practice regular yoga to stay fit and improve concentration. We all celebrate the day with a lot of eagerness and joy. The IQAC team is also thankful to Management of GNIT for initiating this virtual yoga day celebration program under them, also for inculcating Yoga as a part of the syllabus.

This Yoga day seminar was successfully conducted with help of Prof. Geetanjali.Kale and Prof. Anjali.Palheriya. Their efforts was appreciated by Dr.Sudhir.N.Shelke Principal GNIT, Director GNES.

Webinar on Entrepreneurship

Date & Time: 05/03/2021, 1.00PM

Day: Friday

Topic: “Entrepreneurship”

Internal Quality Assurance Cell (IQAC) conducted Alumni Entrepreneurs Webinar on the topic “The Entrepreneur’s Guide to Getting Started “on March 5th, 2021 with the resource person **Mr. Nikesh Rathod, MD, Kushal Abhiyanta Services, Nagpur**

Prof. Raju Bondre welcomed the participants and introduced the speaker to the audience who were connected via Google Meet. There were around several participants and the webinar was an eye opener to the budding aspirants who wanted to bloom in the field.

The webinar was a very detailed and fun dive into what being an entrepreneur means and what it entails. It was interesting to listen to the perspective about success and failures in being an entrepreneur.

Another key moment was the explanation of the progress from ideation of a venture to the end and all the different wins and losses an entrepreneur will have to face to get to the top. The speaker also highlighted the key points of what every Entrepreneur needs. The session overall was highly informative, captivating, and enlightening. It stimulated the minds and inspired the participants to take a step towards being an entrepreneur.

Webinar on Career Growth in Cloud Computing

Date & Time: 24/6/2021, 2.00PM

Day: Thursday

Topic: “Career Growth in Cloud Computing”

Objective: –

- Identify the value of Cloud Platform.
- Identify the purpose and business value of the core Cloud Platform services.
- Store and secure data using Cloud Storage.
- Career opportunities in Cloud Computing

The Department of Computer Science organized an online Webinar on “**Career Growth in Cloud Computing**” on 24th June 2021 through Google Meet. The session started by welcoming the Resource Person of the webinar **Mr. Saurabh Badhel, Senior Engineer, ZS Associates India Pvt. Ltd., Bangalore.**

Mr. Saurabh started his session with the basic concepts of cloud computing. He explained Cloud computing has emerged as a revolutionary paradigm through which organizations can optimize their Information and Communication Technology (ICT) investments. He also discussed different cloud infrastructures and explained about cloud services managed by various providers. He illustrated the different service models of Cloud Computing.

Principal

Department of Computer Science Engineering

Finally, he discussed career opportunities in cloud computing. Cloud computing was limited to a few IT companies, but the scenario is fast changing. Due to the simplicity of accessing IaaS, PaaS, and SaaS services with a single click, cloud services are being adopted by practically all segments of the industry. This is opening up a variety of job prospects, and this webinar will provide an overview of cloud-based career options.

It was very exciting for the participants to have interaction with resource person and cleared their queries. The participants appreciated the resource person and the informative session in their feedback.

The image consists of two side-by-side screenshots. The left screenshot is from a Google Meet session titled 'kzo-wcoc-xuv'. It shows a list of participants: Saurabh (presenting), Ankush, You, and Anika (72 others). The right screenshot is a promotional graphic for a webinar. It features the 'GURU NANAK INSTITUTE OF TECHNOLOGY' logo and address. The text reads: 'Department of Computer Science and Engineering' organizes a WEBINAR on 'Career Growth in Cloud Computing'. It details the resource person as Mr. Saurabh Badhol (Senior Engineer) from ZS associates India Pvt. Ltd., Bangalore, using the Platform: Google Meet. The webinar link is provided as meet.google.com/kzo-wcoc-xuv. The date of the webinar is 24/06/2021. At the bottom, it lists the Coordinator & HoD as Prof. Firduous Sadiq and the Principal/Director as Dr. Sudhir N. Shelle.
